

## Parking at the Interislander Regatta.

As in previous years we ask that you drop off your sailor and gear at the turn around area and then park in the “Regatta Car & Trailer Parking”, as indicated on the attached map.

Please do not park in the parking reserved for the marina users or on yellow no parking lines. The Marina will have parking wardens issuing infringement and tow notices to any cars parked in the wrong area, without marina user parking permit or parking inappropriately.

The marina “Recreational Launching Ramp” is available free for Regatta support craft but you must park in the “Regatta Car & Trailer Parking” area to avoid paying parking and launching charges.

Thank you for your cooperation and understanding.
